

Boost Wireless Network Goes Live in Denver, Offering Superfast 5G Coverage at an Affordable Price

- *The Boost Wireless Network with 5G voice is now available to 140 million people across 89 markets*
- *Boost customers have access to the power of three networks*
- *Unlock superfast 5G coverage with Boost Infinite and Boost Mobile, plans as low as \$15/mo.*

LITTLETON, COLO. – Nov. 28, 2023 –The Boost Wireless Networkⁱ, which already offers 5G broadband service to over 73 percent of the U.S. population, is now live with 5G voice in Denver, providing Boost Mobile and Boost Infinite customers the very latest in wireless connectivity at an unbeatable price - as low as \$15/month.

Boost Infinite and Boost Mobile customers can access the new Boost Wireless Network with superfast speeds and 5G voice in the Denver market. This expansion is part of a nationwide network build by DISH Wireless, which first began in 2019.

The Denver market includes:

- Aurora
- Broomfield
- Castle Rock
- Cheyenne
- Denver
- Englewood
- Firestone
- Fort Collins
- Fort Lupton
- Franktown
- Golden
- Greeley
- Greenwood Village
- Johnstown
- Ken Caryl
- Lakewood
- Littleton
- Longmont
- Loveland
- Highlands Ranch
- Parker
- Thornton
- Wellington
- Westminster
- Windsor

The very latest in 5G connectivity means a superior experience with faster download speeds, streaming and gaming. Unlike other network providers, the Boost Wireless Network harnesses the power of pure 5G, while legacy carriers often roll traffic to 4G LTE speeds where their 5G coverage is not available.

Boost Infinite and Boost Mobile members who already own or purchase a compatible device can access the Boost Wireless Network in live markets, now including Denver. Compatible devices will also connect with our partner networks – two of America's top 5G networks – offering members the true power of three networks and the very best coverage nationwide.

The Boost Wireless Network is an industry leader, as the first to deploy Voice over New Radio (VoNR) or

5G voice, offering improved call quality and clarity. To date, our cutting-edge network has the largest commercial deployment of 5G voice, available to almost 140 million Americans across over 89 markets, with additional markets set to go live every month through the first half of 2024.

"We're investing in our network, actively bringing new markets online across the country and we're proud to officially launch the Boost Wireless Network in Denver," said John Swieringa, president of technology and COO, DISH Wireless. "The continued rollout of additional markets every month allows us to compete at scale as the nation's 4th wireless carrier, driving innovation and value."

Our cutting-edge network requires devices that use the latest technology. Current Boost Wireless Network-compatible devices include the iPhone 15 family, Samsung A23 5G, motorola edge+ 2022 and 2023, moto g Stylus 2022 and 2023, moto g 5G 2022 and 2023, motorola razr and our DISH-made, Boost-exclusive Celero 5G+. Additional compatible devices will continue to become available.

We are delivering a best-in-class experience to ensure members enjoy the very best coverage coast-to-coast.

An Infinitely Better™ Wireless Experience

Rooted in simplicity and value, Boost Infinite plans start at just \$25/month.
