

DISH Network Introduces 99 Cent Movies

"Green Zone" and "Hot Tub Time Machine" Available on DISH Cinema Nearly One Month Before Netflix and Redbox

DISH Network L.L.C., the fastest-growing pay-TV provider in America, today announced some of the year's hottest movies are now available on DISH Cinema for 99 cents. Through July 7, DISH Network customers may enjoy "Alice in Wonderland," "She's Out of My League," "Green Zone" and "Hot Tub Time Machine" - in SD, HD or 1080p for less than a dollar each.

"Offering the latest Hollywood hits for 99 cents is just another example of how DISH Network provides customers with an unmatched in-home movie experience at the best value," said Dave Shull, senior vice president of Programming for DISH Network. "We are pleased to continue raising the bar by offering titles such as 'Green Zone' and 'Hot Tub Time Machine' weeks before they are available on Netflix and Redbox."

In addition to 99 cent movies, DISH Network customers can select from additional titles on DISH Cinema throughout the week at the regular price including "Avatar," "Couples Retreat," "The Blind Side," "Valentine's Day" and many more.

DISH Cinema offers customers instant access to thousands of movies and TV shows in SD, HD or 1080p resolution comparable to Blu-Ray disc. New titles are added weekly, with many available on the same day as the DVD release and nearly a month before they can be rented through Netflix and Redbox. Subscribers can order movies on DISH Cinema by visiting www.DISHCinema.com, tuning in to Channels 501 - 558 and using their remote to select the titles they want to watch; or calling 1-877-DISH-PPV.
